2025-2026

Brief Report:

An orientation programme was organized for the newly admitted first-year students at SGTRM Government Degree College, Yerraguntla. The programme was conducted to create awareness among the degree students about various academic and co-curricular activities. Principal Dr. G. Indravathi Garu inaugurated the programme and addressed the students.

The principal and staff explained the importance of the degree course, academic rules, attendance, examinations, discipline, and the facilities available in the college. Students were informed about the opportunities in Science, Arts, and Commerce groups and the importance of choosing the right subject combination according to their goals.

Details were given about the Internships, library, laboratories, scholarships, career guidance, skill development programs, women empowerment cell, grievance redressal cell, and other student support systems in the college.

Students were also briefed about the activities of NCC and NSS, the value of community service, and how such activities help in personality development. The physical education department informed the students about sports facilities and encouraged them to participate actively.

Resource person Dr. E. Bhaskar Reddy motivated the students to set clear goals and make use of all available opportunities for academic excellence and overall development.

The principal advised the students to maintain good discipline, focus on studies, and become responsible citizens. She urged them to participate in all college activities and make the best use of the learning environment provided.

Outcomes: -

- Builds connections: Students connect with new classmates, faculty, and staff, leading to a sense of belonging and new friendships.
- Familiarizes with campus culture: Students learn the university's values, traditions, and day-to-day life, reducing anxiety about the new environment.
- Boosts confidence: By providing a sense of acceptance and preparedness, orientation helps students feel more sure of their decision to attend the college.
- Clarifies academic expectations: Students learn about their specific program requirements, academic standards, and how to interact with lecturers.
